

## Additional pages required in Inspera exams

When holding an exam in Inspera, some additional pages are required at the beginning and end of your Question Set, as detailed below.

The screenshot shows the Inspera exam interface with a blue navigation bar at the top containing 'Author', 'Deliver', 'Monitor', 'Grade', and 'Report'. Below the navigation bar, the exam title 'ABCD1234 2021 S2 Deferre...' is visible. The main content area displays two exam pages:

- First page: Academic Integrity Declaration:** This page is highlighted with a red box and a red callout. It features a large orange plus sign and the text 'Create New' and 'Add from Question Bank'.
- Last page: Assumptions and Queries:** This page is also highlighted with a red box and a red callout. It features a large orange plus sign and the text 'Create New' and 'Add from Question Bank'.

A red callout 'Other questions go here' is positioned between the two pages. The interface also shows a language dropdown set to 'English' and various utility icons.

### First page: Academic Integrity Declaration

#### Purpose

Students need to read the Academic Integrity Declaration and, by undertaking this assessment, they agree that their submitted answers are their own work.

#### Question Type

Use the "Document" question type for this page.

## Title

### Academic Integrity Declaration

## Content

For current wording, please refer to the “Adding the academic integrity statement to your assessment” guide at

[https://uq.sharepoint.com/:b:/t/aiqxguks/ES9Q0AX8MJBfHaGEM2qxx9ABXjBVt\\_TFGAeBtP6Puj3pig?e=tdPlm0](https://uq.sharepoint.com/:b:/t/aiqxguks/ES9Q0AX8MJBfHaGEM2qxx9ABXjBVt_TFGAeBtP6Puj3pig?e=tdPlm0)

## Last page: Assumptions and Queries

## Purpose

Given the nature of exams, responding to student queries and/or relaying corrections to exam content during the exam is not feasible. The Assumptions and Queries page provides students with a free text field into which they can specify any assumptions they have made or queries they had in completing the exam and which questions those assumptions or queries relate to.

## Question Type

Use the “Text Area” question type for this page but ensure you have set **Total Marks to 0**.

## Title

### Assumptions and Queries

## Content

Attempt every question to your best standard even if you have a query or assumption about a question.

Use the free text field below to specify any assumptions you have made or queries you had in completing the exam, and which questions those assumptions or queries relate to.

## Important note

Using the Text Area question type for this question means that responses can be easily seen by those who are marking the exam. Note that this question can be left unmarked and students' Total Marks will still be calculated (this is useful if your other exam questions consist entirely of automatically-marked questions). However, if you require students to see a “Grade” in Inspira, you will need to “mark” this question (i.e., specify that you are giving the student 0 out of 0).
